TDK SAFARIS

I have known Wes and his beautiful wife Lisa for many years. Both accomplished hunters in Africa and over the last several years have built with their son, Dakota, a 5000-acre ranch that caters to first time hunters to Africa. Having hunted with them, I must say their motto: “COME AS CLIENTS, LEAVE AS FRIENDS” is more than a motto. It is the result of a hunt with TDK! An East African hunting camp with 16 species of plains game and a smart fellow whose reputation always precedes him. He has been called “Black Death” “Widow Maker” and he ALWAYS reminds me of a cagy old whitetail buck as he hides in the bush. Only this guy is 2000 pounds not 200. Cape Buffalo hunting is Africa rolled into an instant where he charges and you pull the trigger. You will never forget it! If you have never been to Africa, life is passing you by. Experience an African Sky with the fire and a whole galaxy of stars that light up the sky.

CAPE BUFFALO

To hunt a Buffalo with a rifle or a bow is one of the most dangerous hunts one can go on. TDK currently has 3 animals available for next year. Going one-on-one with 1800 pounds of PURE adrenalin will make the bush jump out at you. It will beckon you to its most remote reaches. You will know what adventure is when you pull the trigger or nock an arrow. Booking for the 2018 season; give us a call!

SABLE

This is my personal favorite animal to hunt. TDK has a choice of bulls in the 40-inch range. We have both Sable and Roan to complete your quest for these two animals or to add to that first safari. If you have never been to Africa, and you are a hunter, I promise you will NEVER forget it. The "African Bush" it bites, it gores, it scratches. The experience of danger will make you feel truly alive!

KUDU

I have hunted big Kudu with these boys, almost connecting on my ultimate bull of 60 inches or better. It was a hunt of a lifetime. I have taken many Kudu and if you like to hunt big Elk, Kudu are the African version, wide high racks that disappear into the bush before you know they were even there. That is why they call them the "GREY GHOST."

WILDEBEEST

Wildebeest are smart animals. I have seen old bulls follow in the shadows of herd of Impala, and hang around Baboons. I hunted an OLD Bull once that was the best friend to a band of Baboons. There is a reason he is still laughing at me, but the old saying: "I ain't dead yet" definitely applies. I will be saying "hi" again one of these days.

ACCOMMODATIONS

Enjoy and experience Africa staying in an authentic Roundaval in the bush! The McArtors, owners of TDK, want to become your gateway to the adventures of the Dark Continent. They became my friends, I am sure they will become yours. If you have never enjoyed a Dark Continent experience, you won't want to pass this one by!

CAPE BUFFALO

I have a "Dugga Boy" unlimited size in a special area. **FREE RANGE** not a fenced hunt but a "chasing the old bulls that are out of the herd." Ornerly OLD and Cantankerous. One of the most dangerous in Africa. I also have several with size limits that are reduced for end of the year discounts. Let's TALK!

YUKON MOOSE

Do you like BIG animals? The biggest deer in North America is the Alaska Yukon Moose. I have a discounted, end of the year horseback hunt that has been 100%. You got to be tough, shoot straight and if the past is any judge of the future, take a GREAT MOOSE. Dates: Sept 26th - October 7th 2017. Price is \$12,500, with a GREAT outfitter with a stellar reputation. Two available.

ALBERTA MOOSE

We have moose hunts available in the Alberta area, up by Nordegg. This is a horseback hunt during the rut. It has always been close to if not a 100% success. With it being the last hunt, it is discounted to sell. If you want to hunt Moose and take a good one, GIVE ME A CALL!

ELEPHANT

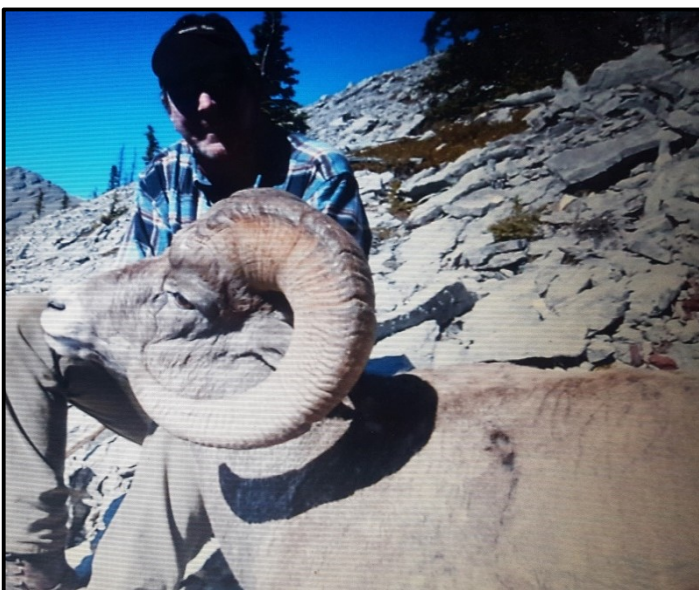

Last year in this area, we took two Elephant both over 80 pounds. This is a hunt in every sense of the word and there are big bulls here! Our outfitter has the best areas and knows how to hunt Elephant!! Give us a call on this one! I have only one (1) tag for this year and two for next.

DESERT SHEEP

Desert Hunts and J and M Safaris is a partnership that does things right. You will kill your sheep, have the best guides, knowledge of the island and you will get your ram home. Our combined reputations are earned one hunt at a time.

ROCKY MOUNTAIN BIGHORN

Pictured here is my Austrian client with his Grand Slam Sheep. Congratulations on a long road. We were proud to be part of your quest. If you are looking for a Bighorn, give us a call. We produce trophies.

RED STAG

ASJ Trophy hunting in New Zealand, my friend Stue is a giant among men in the hunting business. He takes a personal pleasure in a hunt done well. You will shoot big animals, eat, drink and I promise end up with a side ache from laughing too much! From a 3-generation hunt to a hunt for monster trophies, Stue will put the hunt of a lifetime together for you. Stag, Wapiti, Tahr, Chamois, New Zealand is one of the wonders of the planet.

I have over 30 years of experience placing hunters with the best outfitters in the world. I do not sell hunts; I put top-notch outfitters with hunters looking for a type of hunt or animal. I insist on outfitter and hunter contact to put everyone on the same page. **NO SURPRISES!** In the end this is hunting!
