J and M Safaris has teamed with the best outfitter in Asia to offer Upper Altai Argali. We have 2 tags for some of the **BIGGEST** trophies in the world. These are special tags and you will want to check this out. We offer only the finest in world-wide hunting!

CAPE BUFFALO 2016 has some of the best to offer for Cape Buffalo.

TANZANIA

10 day Buffalo hunt in either Rungwa, Muhesi, or Simanjiro area up in Maasailand. Roan and Sable are also available on this hunt. Simanjiro is home of Lesser Kudu, Fringed eared Oryx, Gerenuk to name a few. Experience Africa at its wildest.

SOUTH AFRICA

I have some unbelievable deals for big Buffalo on huge game concessions, including some great offers in the southern Kalahari of Northern South Africa. Excellent Sable and plains game to added to the bag.

ZIMBABWE

Hunt our concession in some of the country's most famous areas where you will find some of the best Buffalo hunting. There are also some fantastic plains game and Sable in this area.

ZAMBIA

Luangwa valley is home to an excellent population of Cape Buffalo. We have an increase in our quotas. This is one of the few places where Buffalo in the 40-inch range are the rule, not the exception. Go to sleep at night with the moan of the Lion and the laughing of the Hyena. You will not soon forget this trip.

LEOPARD Due to CITES not issuing South Africa Leopard export permits, I am offering these two fantastic hunts:

TANZANIA

I have one (1) special hunt for Leopard, Buffalo, Roan and Sable in the Wembere of central Tanzania. This is a 14-day safari 1x1 for plains game and especially Roan as they are a difficult animal to take. Baiting is allowed in Tanzania. Call on this hunt as there is only one (1) available.

ZIMBABWE

One tag remaining for a 14-day safari. This area has a lot of Leopards with baiting allowed. We use up-to-date trail cams so we KNOW what is going on. If you want a Sable, they have HUGE Sable. Guaranteed Leopard CITES export tag.

LION

I have done the research! If you want a "Free" range Lion, NOW is the time before it is too late! With the new rules, there will be only limited areas that allow U.S. hunters to import their Lions. I have one (1) hunt left. Give me a call!

RHINO

I have a special tag for a 'Free Range' Rhino. I would hunt this now! This is hunting as it used to be – in the bush with 'Wild Free-Ranging Rhino.' Populations have increased here and this hunt supplies money for poaching control. Hunt and know that your money will help the Rhino exist for the future. Only one (1) on quota, complete with CITES export permit.

ELEPHANT

I offer some of the very best Elephant hunts available today. If you want to hunt a big bull give me a call. I just got two (2) tags for 2017 and I have one left in South Africa. Cites tags are getting close to being filled. Remember we have guaranteed CITES on these hunts. Legal, ethical hunts with export permits.

PLAINS GAME

With El Nino causing droughts to parts of Africa, game officials have increased quotas and opened some areas to some great Plains Game at reduced rates. There are some excellent opportunities right now so give us a call. The time to experience an African Safari is now! Let me know what you are looking for I will make your dream come true.

BIGHORN SHEEP

I have one (1) opening for a 14-day Rocky Mountain Bighorn sheep for 2017. This hunt has been 100% success with only one tag per year. I have always said a Rocky Mountain Bighorn ram is the toughest of the slam to take. Be prepared to climb, glass, and shoot straight. The sheep are here and the outfitter has a great reputation. Give us a call on this one; you will remember every time you look on the wall.

MARCO POLO

Our camp is located in the Naryn Region of the Tien Shan Range very close to the border of China. Our outfitter has an exceptional reputation to provide the highest in quality hunting adventures. This is a hunt at high elevations 10000-14000 feet above sea level. I cannot stress that you need to be in the very best "SHEEP SHAPE." Be prepared to ride horseback ~ it is the most important part of this trip as this IS your way of travel.

IBEX

Included as an add-on species while hunting Marco Polo or as a separate hunt is Mid Asian Ibex. Give us a call or email and I will fill you in on all the information! Bring good binoculars as you will be glassing valleys and rock outcroppings for Ibex. We have found some of the best 'KOZEROG' in this kind of country. Also, a second Ibex is available as an add on.

ELK - MONTANA

If you love hunting like I do, I have a great area in Montana. Stay in a lodge, enjoy home cooked meals, shower and watch TV at night. You have vehicles for transportation to blinds where hundreds of deer congregate in alfalfa fields. Give me a call and let's get your application in. I took my sons last year, and they loved it. This is an excellent area; I have never seen so many quality Elk! Check out this 400-inch bull taken with a bow last year.

MOOSE

Moose hunting is something everyone should experience. Imagine large racks floating across the bush. We offer the Alaska-Yukon, the Canadian, the Shiras and the Eastern Moose. From Newfoundland to Alaska and British Columbia, Alberta and Saskatchewan, we will put you in the right place. We have only a few tags left in prime areas so give us a call!

I have over 30 years of experience placing hunters with the best outfitters in the world. I do not sell hunts; I put top-notch outfitters with hunters looking for a type of hunt or animal. I insist on outfitter and hunter contact to put everyone on the same page. NO SURPRISES! In the end this is hunting!
