

# Looking to Hunt The 'Big' Five

I just returned from one of my favorite shows, the Dallas Safari Club. It was wonderful to see so many of our clients as well as meet all the new friends we made this year. Thank you for stopping by to talk hunting! It was great to see all of you! With Elephant hunting being the most talked about subject, J and M Safaris is now offering some of the best Elephant hunting available in Africa!

**Namibia:** In the Caprivi we hunt Salambala, a hunting concession with great opportunity for trophy bull Elephant, Buffalo and lots of plains game. 2018 has only a couple of openings and 2019 is booking fast.

**Khaudum Reserve** is one of the best areas for trophy bull Elephant. A low-lying area that draws Elephants as the dry season approaches. 2018 is solidly booked and we are currently booking 2019. Buffalo, Hippo and plains game are also on the ticket.

**South Africa:** We have a handful of bulls that we are offering. Give us a call on these hunts as they are 100% importable into the U.S.

**Zimbabwe:** I have only 1 permit left in a trophy area. With USFWS still reviewing all the data and expected to approve importation for 2018, NOW is the time to hunt before it really is too late!!!

## Lion

J and M Safaris is proud to announce that we have one (1) importable Lion from South Africa. This hunt includes Cape Buffalo. There are only a handful of places that are approved and this is one of them! But only one (1) tag is available and this tag just opened up!

## Desert Sheep in OLD Mexico

Tiburon Island has been GREAT this year with several 180 plus sheep being taken. I have one (1) tag available for 2018 and only 4 available for 2019. If you want a big ram, don't miss this opportunity.

Sonora Mainland: I have one hunt available for \$45,000 with 100% success. Give us a call!
